Charging that her husband, Wocaw, otherwise known as Willie, deserted her and took up his abode with other women, La-li-mot, sometimes called Julia Wocaw, today filed suit for divorce through her attorney, James A. Fee. The couple were married at the Presbyterian mission in December, 1904, and four years later, plaintiff alleges, her husband deserted her and went to live with a squaw named Lucy on the Yakima reservation. Two years later he returned and lived with another local squaw and later abandoned her for Ah-mul-a-son-ni.

To Attend Synod.

Umatilla county delegates to the Oregon synod, Presbyterian church, to be held at Eugene left here on train No. 17 today. Those going include Rev. J. M. Cornelison, Phillips Jones, both of the Tutuilla mission, Rev. S. L. Grigsby, Rev. B. F. Harper of Milton. They will attend the Pendleton presbytery which will be held on the floor of the synod. A ministerial conference, open to ministers of all denominations in the state, will be held under the auspices of the University of Oregon as a part of the university extension work.

Inspired by Round-up.

From an auto party that was here recently and had headquarters at the French restaurant, Pendleton and the Round-up has secured favorable advertising. This morning N. D. Swearingen received a copy of the Daily Washingtonian of Hoquiam, from which the following story is taken:

Mr. and Mrs. C. H. Jones and niece Miss Mary Norton, with John Vickery, chauffeur, motored to town Tuesday from Tacoma. Motoring seems like a pleasant pastime to the members of the party.

"Only last week," said Mrs. Jones, "we returned from a motoring trip to Southern Idaho, going via Portland, The Dalles and Pendleton, home of the famous 'Round-up,' a drawing card each September, composed as it is of cowboys—the real article, too, buckaroos, led by the far famed Tillie Baldwin, champion cowgirl and wild steer buster, and Indians in their old time war paint, feathers and glory, which all too soon will be only a passing memory."

Vernon in Roping Match.

For a purse of \$500 Buffalo Vernon well known cowboy, will enter a roping contest with Wallace Owens of Sparks at Baker next Sunday afternoon. Each contestant is to rope and tie down three steers and the best time will determine the winner. A riding contest for a \$45 purse will also be held.

Judge Phelps Back.

Circuit Judge G. W. Phelps yesterday evening arrived home from Portland where for several weeks he has been assisting in the cleaning up of the dockets. He reports a very busy time while in the metropolis and when he cleans up the business which has accumulated here, will be ready for a vacation.

Mistake in Children.

In the report of the filing of the Sturtevant will yesterday a mistake was made in naming the heirs. Vivian and Lowell Sturtevant are the children of Clark Sturtevant, deceased, while Esther and Fay as well as Andrew and Clark are the children of Mark Sturtevant.

Art Acord Here.

Art Acord, well known bulldogger and cowboy who has been at the last two Round-ups, arrived today from Klamath Falls where he just staked a "rodeo" for the Elks of that city. Acord was injured before the last Round-up and could not enter the contests. He is in fine condition now and expects to win some money and prizes at the coming September show.

Would Give Money to McDuffee.

A traveling man by the name of Mays is here today and claims he lost \$48 in the recent train robbery. If any dispute comes over the division of the recovered money, he says he is in favor of turning the whole amount over to Deputy Sheriff George McDuffee whose bullets stopped the robbery and who almost paid for his bravery with his life.

30 NEW PLAYGROUNDS WILL BE INSTALLED

OAKLAND, Cal., July 8.—Thirty new playgrounds for schools will be installed in Oakland this year as the result of an agreement between the board of education and the board of playground directors, and the city council will be asked to include in this year's budget a sum big enough to provide for their opening. This cost will be not less than \$70,000 and may run much higher.

The plan will give every school in Oakland a playground of its own, each to be equipped with a gymnasium, baseball ground, tennis court, running track, and full apparatus for various kinds of physical culture.

The basis of agreement between the board of education and the playground directors is that each shall bear half of the expense of installing the new playgrounds.

Already Oakland's system of playgrounds is unique in the United States, and has been the subject of inquiry and inspection from other cities all over the country. When the thirty new playgrounds are installed, Oakland will be the only large city in the world that has such a recreation ground in connection with every school.

UNIONS AT STOCKTON WILL FIGHT OPEN SHOPS

STOCKTON, Cal., July 8.—A fight for the open shop is on in Stockton. Proprietors of four planing mills intended their employees that hence-

1400 acres, all fenced, good buildings, and orchard, close to good outside range, P. O. and store. 350 cattle and 25 horses if desired. Price of land is \$8 per acre, and if the stock is bought at a low price, there will be 150 tons of hay, and all the farm implements thrown in as a gift.

1600 acres, all fenced and cross fenced, good improvements, close to the reservation, with a reserve right with it. This ranch can be bought, including a lot of stock, crop, and farm tools for \$10 per acre; easy terms.

2000 acres. 70 acres meadow, and plenty of plow land besides. This fine ranch is in the best section of the country for wintering stock, as the snow seldom lies longer than a few days, it being in the chinook belt, and has good house, two barns, fine orchard, and many other desirable features. It can be bought with or without stock at \$10 per acre; easy terms; 65 tons of hay goes with it.

I have been in the stock business 12 years in this county, and know these ranches well, and know they are the best bargains to be found in the county or eastern Oregon.

VICTIMS IN TWO MURDER TRAGEDIES

From left to right Waldo R. Ballou and Mrs. Louise Bailey.

Here are the photographs of a man and a woman the victims in two recent murder mysteries.

Who killed Waldo R. Ballou, the Stamford, Conn., politician, and left his lifeless body lying in the street

before the home of the woman who was his closest friend? Who shattered the window pane in the home of Dr. Edward Carman, of Freeport, N. Y., and fired a bullet that found a resting place in the heart of pretty Mrs. Louise Bailey? The men who are paid to protect us, and who endeavor to find the answer to just such questions, do not know. But the

"eternal triangle," bearing the stamp of love, jealousy and hatred, is closely identified with each case. A man in Stamford is murdered, a woman in Freeport is shot and killed—and all that is really known is that jealousy played its black part in the two most mysterious murder tragedies recorded in or near New York in many years.

CORONER HOLDS WOMAN IN FREEPORT MURDER MYSTERY

TESTIMONY SAID TO CONNECT MRS. CARMEN WITH SHOOTING OF MRS. BAILEY.

FREEPORT, N. Y., July 8.—The coroner held Mrs. Edward Carman in connection with the murder of Mrs. William Bailey, shot to death in the office of the former's husband, Dr. Edward Carman, on the night of June 12. Mrs. Carman was arrested at her home and taken by automobile to the Mineola jail.

Edward Bards, a witness at the inquest, testified he was in front of the Carman home at the time of the shooting and saw at a window of the doctor's office a blonde woman about five feet seven inches tall, dressed in a dark skirt and light waist, who after the shot was fired, walked slowly to the rear of the house. Mrs. Carman testified that on the night of the shooting she wore a blue, tailor made suit with a white waist. She is a blonde.

LEAGUE PROBABLY WILL CONTINUE ITS SEASON

It is very probable that the Western Tri-state league will continue its season until the time limit originally set, as a result of a meeting of the directors this afternoon in this city. At press time no definite decision had been reached but President Roy Ritter announced that there was every reason to believe that the four clubs would finish the season.

At the meeting there are President R. W. Ritter and H. W. Collins head of the local club, R. W. Rundstrom of North Yakima, Harold H. Clifford of Baker and Robert Burns of Walla Walla. The Yakima club is in a bad financial condition but, as there are but two weeks more of ball after the present one, the directors believe it would be folly to cut the season and lose all of the players. Ways and means of continuing the season were being discussed at press time.

Puts 150 Soldiers to Death.

TIENTSIN, China, July 8.—One hundred and fifty of the soldiers of the first division, who recently looted the town of Kailan, 125 miles northwest of Peking, and later were induced to disarm by a promise of being given their freedom, have been put to death.

Last month the garrison at Kailan, composed of 6000 soldiers, mutinied, looted and burned the city. All persons who resisted them were killed. The women among the inhabitants were attacked by the mutineers and many of them carried off.

WEATHER DRY BUT FOREST FIRES FEW

SALEM, Ore., July 8.—Although there has been a week of dry weather, the usual number of forest fires following the visit of hundreds of people to the timbered districts on July 4 has not materialized this year, and State Forester F. A. Elliott attributes the excellent condition to the educational campaign against carelessness with any kind of fire in the timber that has been waged during the last year or two. Only one small fire has been reported, and this one is said to be insignificant. It was reported along the Columbia highway between Portland and Astoria.

TOBACCO TRUST MAY BE SUED ONCE MORE

WASHINGTON, July 8.—Reports that the department of justice contemplated another suit against the tobacco trust was denied by officials here. It was stated that Attorney General McReynolds was dissatisfied with the supreme court's decision against the American Tobacco company and had been investigating with a view to instituting proceedings before the court to have the decision strengthened. The investigation, it was said, had not progressed sufficiently to warrant immediate action.

Auto Amuck; Two Hurt.

ROSEBURG, Ore., July 8.—Losing control of the brakes while descending Roberts mountain at 3 o'clock Monday morning, an automobile occupied by Mr. and Mrs. Ayth of Glendale, and Mr. and Mrs. Norman Agee of Winston, and two children, dashed down the steep grade at a terrific speed, but was finally stopped after traveling two miles.

When the occupants of the car realized the danger, Mr. and Mrs. Agee and Mrs. Ayth jumped. Both women were quite seriously injured. Physicians were summoned from Roseburg, and the injured women were taken to Winston.

Mississippi River Open.

NEW ORLEANS, July 8.—The transportation of freight on the Mississippi river from its headwaters to the Gulf has been resumed after 29 years' suspension, when barge No. 5 left here for St. Paul, Minn.

The barge is one of a line to be used in river traffic. It is fashioned after those used on the canals of Holland and is propelled by its own power.

CHICAGOANS ARE OPTED TO ANTI-TRUST PROGRAM

WASHINGTON, July 8.—Representatives of Chicago mercantile houses told the president why they believed a drastic anti-trust program is unnecessary. They presented a report by a special committee of the Chicago commerce association saying the Sherman law merely needed amending.
